

# BuckeyeBox

A BRIEF OVERVIEW OF OHIO STATE'S [BOX.NET](#)  
IMPLEMENTATION

JAN. 30, 2013

Office of the

**Chief Information Officer**

# BuckeyeBox

## BuckeyeBox: What is it?

The BuckeyeBox service provides an easy way to share files and folders online. Box consolidates your content in a single location, easily accessible from anywhere, on any device. You can create files and folders, share them using a direct link, invite colleagues and classmates to collaborate, and continue to revise and review your content. Box can directly integrate with existing OSU single sign-on authentication systems.

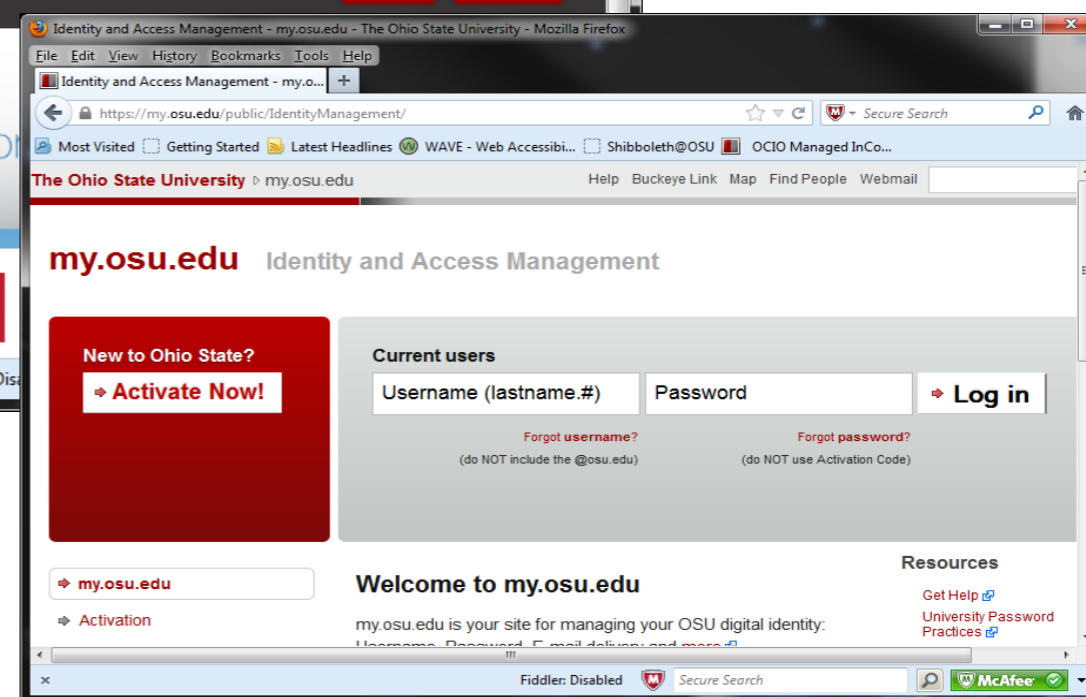

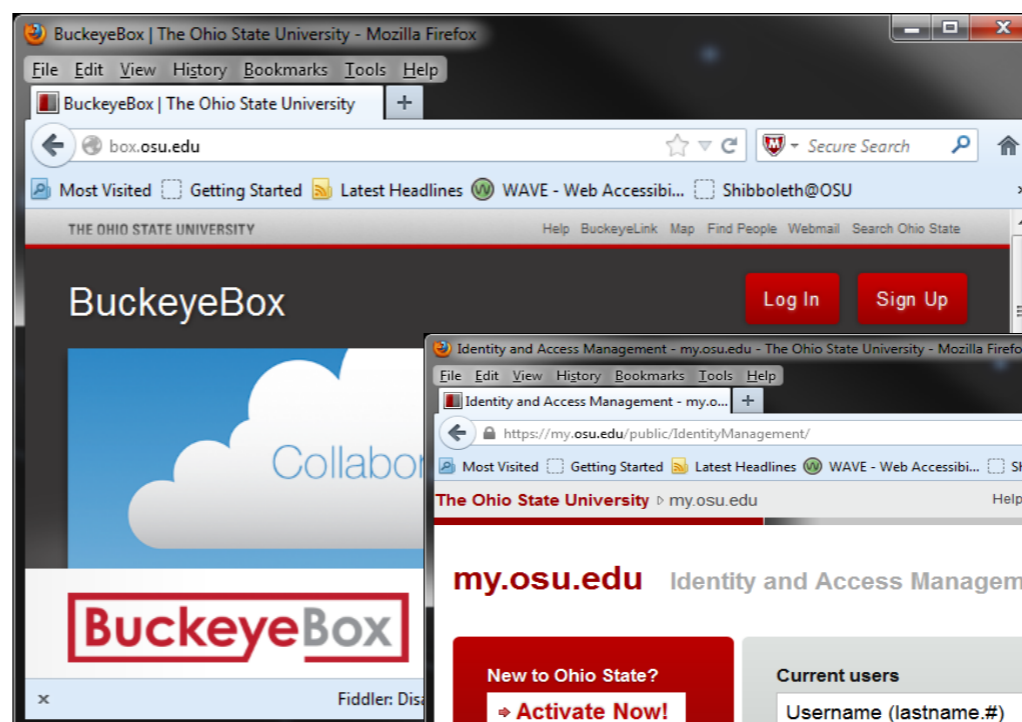

**Not for restricted data** - BuckeyeBox at OSU is designed as a collaboration tool, but is not acceptable for any institutional data classified as "restricted" with the exception of FERPA.

# BuckeyeBox: Why, Who, When...

- Why?
  - Individuals and departments across campus said that the key to collaboration is a single, simple, secure, and mobile tool to make it happen. After reviewing multiple available solutions, the IT community has partnered with Internet2 NET+ Box to provide BuckeyeBox.
- Who?
  - Cross organizational reps (IT Partners) from across the university came together to form this “One University” solution
  - Of course Internet2 & Box.Net
- When?
  - Released for use on Dec. 14<sup>th</sup>, 2012

# BuckeyeBox: User Activation/Access Process

- Use existing university credentials (IdM/SSO) :
- User needs to activate (sign up) to use BuckeyeBox & get assigned storage.
- [box.osu.edu](http://box.osu.edu)
- [my.osu.edu](http://my.osu.edu)

# BuckeyeBox: Current Use Cases

- It is about the collaboration & quicker information flow:
  - RFP Bid Evaluation Information for Multi-Org/Depts. (Multi-located)
  - Team/Specific individual document editing
  - Status Reports
  - Quick Access to presentations
  - Share research info
  - Any many others.....

Note: Repeat – Not for restricted data ☺

# Summary

- If more specifics, beyond answers posted, are needed on OSU's Implementation, I would be happy to coordinate with the Project Manager and Service Owner of BuckeyeBox.
