Active Groups

We welcome your participation in our current working groups!

Working groups should review the Charge to Working Groups as they develop their charter and periodically throughout their lifecycle. The Charge to Working Groups helps a working group ensure it is focused on the core mission of ITANA and that it helps develop and deliver our capabilities.

API / Governance Working Group

This working group is arranging for topical discussion in the broad domain of SOA and APIs. The goal is to bring together practitioners in common areas of expressed interest and provide a forum for sharing resources. Check out the Itana Events page for day/times for the API Calls.

Itana Business Architecture Working Group (IBAWG)

This working group discusses the broad domain of Business Architecture with the intent to develop tools and methods for the IT organization to become a strategic partner with the business. The goal is to bring together practitioners and provide a forum for sharing resources, ideas, experience and, inspiration.

Check out the Itana Events page for day/times for the Business Architecture Working Group Calls.

Itana Data Architecture Working Group

Itana Book Club

The Itana book club forms each year to read a book or series of articles that are relevant to architects. Check out the Itana Events page for day/times for the Book Club calls and the next book selection.

New to Enterprise Architecture (New2EA)

The New2EA Working Group is open to Itana Community Group members who are interesting in launching or relaunching an EA practice as well as those already running mature practices. Itana recognizes that the EA role is inclusive of multiple architecture disciplines, including Business, Informat ion and Technical.

NEW: Itana is launching the premier **New to Enterprise Architecture (New2EA) Program** in higher education. It is intended for new architects or architects new to higher education!

Learn more and join the list to receive more information.
